

ACT Early campaign update

The Act Early campaign is already having a life-changing impact by providing help and advice to those who may be at risk of radicalisation. Since its launch in November, the site has already received more than 25,000 individual visits and as a result the new national police **Prevent** advice line has been receiving calls every week from concerned family and friends, with specialist support being put in place where appropriate. This initial success would not have been possible without your support.

We are delighted to let you know that two new animated 2-minute explainer films about **Prevent** have now been added to the ACT Early website and our partners' toolkit. You can find them on the website here:

<https://actearly.uk/support/reach-out-for-help/>

<https://actearly.uk/working-together/how-we-help/>

The films are aimed at a general public, concerned friends and family audience, and provide an introduction to Prevent and to the work of Prevent officers.
